

OSHA 7505

Introduction to Incident (Accident) Investigation

Class Time: 8:00 am to 4:00 pm

When & Where:

February 21, 2020 & July 31, 2020

Chesapeake Region Safety Council -
2555 Lord Baltimore Drive, Suites N-R Baltimore, MD 21244

This course covers an introduction to basic accident investigation procedures and describes accident analysis techniques. Course topics include reasons for conducting accident investigations, employer responsibilities related to workplace accident investigations, and a six step accident investigation procedure.

At the end of the training, the participants will be able to:

1. Identify basic accident investigation concepts and describe the characteristics of an effective accident investigation program.
2. Describe the six-step process for conducting accident investigations.
3. Conduct an accident investigation following the six step procedure.

Topics Include:

- Accident investigation definitions
- Characteristics of an effective program
- Tools and techniques to measure costs/benefits
- The six-step process
 - Preserving and documenting the accident scene
 - Collecting the facts through interviews
 - Developing sequence
 - Determining causes
 - Developing effective recommendations
 - Writing the report
